

# HIGHER LEARNING BASKETBALL

## COVID-19 FALL 2020 POLICY

- All youth sports activity guidelines are found on [reopening RI](#) and the [CDC recommendations](#) for safe competition.
- Parents **must** complete the [COVID Screening tool](#) for their child prior to attending a session (you do not need to hand this form in).
- Parents are responsible to assure their child is COVID-19 symptom free while participating in a scheduled game.
- Each player (not parents) **must** check in with the court manager prior to each game and will be asked to sign in validating they completed the COVID-19 screening tool prior to arrival.
- Players **must** wear a mask to the court to their designated team area.
- Coaches, staff and game officials **must** wear their mask during the entire game.
- Coaches **must** always keep their social distance from their team on the sidelines (if at all possible).
- Any player and/or coach who show signs/symptoms of COVID-19 during a session will be isolated. A parent/caregiver will be required to pick them up immediately. This will be assessed by staff on site.
- Each player **must** provide his/her own water bottle, hand sanitizer and basketball.
- Players have been placed in age/grade appropriate stable groups.
- A parent/caregiver **must** drop off and pick up their child and watch the session from their car or outside the court area. If spectators stay to watch a session, they must remain 6 feet away from each other, wear a mask and stay off the court at all times and bring their own seating. This includes any bleachers.
- At the end of the session, all players **must** wear their mask and immediately exit the court to allow for the next group to come onto the court. The group waiting must remain outside the court until all participants have exited.
- If any player or coach tests positive for COVID-19, the entire age grouping will be shut down (for a minimum of 14 days).
- If a player is unable to complete a session due to a positive COVID-19 test, they will receive a credit towards a future workout/clinic or a pro-rated refund for the fall fast break program (not including \$20 non-refundable deposit of the \$80 program fee).
