

HIGHER LEARNING BASKETBALL Weather Policy

Since our fall basketball program is outdoors, when it comes to weather, our players safety is priority #1. Please review the rain site locations/times on our [website](#) for specific details. Sessions may be postponed for the following reasons:

- Steady rain prior to your scheduled time slot
- Thunder and/or Lightning within 30 minutes
- Poor court conditions from previous weather
- Extreme temperatures/heat

Every attempt is made to conduct games as scheduled. That means workouts **WILL NOT** be rescheduled strictly on a forecast of bad weather. Rain alone **DOES NOT** instantly postpone a game as there could be a passing shower in your area while it is sunny at our court locations. If a game is postponed, we will send out a [weather notification](#) via email to officially reschedule it. If a game is stopped less than halfway through, we will make the game up on the next rain date. Otherwise, the game will end once the court is deemed not playable.
