

HIGHER LEARNING BASKETBALL

Since our summer basketball program is outdoors, when it comes to weather, our players safety is priority #1. Please review the rain site locations/times on our website for specific details. Games may be postponed for the following reasons:

- Steady rain prior to your scheduled time slot
- Thunder and/or Lightning within 30 minutes
- Poor court conditions from previous weather
- Extreme temperatures/heat

Every attempt is made to conduct a game as scheduled. That means games WILL NOT be rescheduled strictly on a forecast of bad weather. Rain alone DOES NOT instantly postpone a workout as there could be a passing shower in your area while it is sunny at our court locations.

If a game is postponed, we will send out a weather notification via email to officially reschedule. If a game is stopped less than halfway through, we will make it up on the next rain date. Otherwise, the game will end once the court is deemed not playable. The team that is winning will receive the win (regular season only).
